

Are You Letting These Little Problems Ruin Your Confidence and Success with Women?

If you've ever experienced ONE OR MORE of the following problems with women ...

- **You sometimes get nervous around women**
- You want to go in for the kiss, but not sure of the right moment
- **You don't know how to tell if a girl you like is interested in you**
- You don't know how to ask her out confidently
- **You hesitate when it comes time to ask for her number**
- You want to bring her back to her place, but not sure exactly how
- **You want to make the first date awesome, but not sure where to go**
- You're in a relationship, but it's not sexual enough
- **You're afraid of approaching women you see when you're out**
- When you're talking to an attractive woman you get stuck and don't know what to say
- **You can girls, but just can't seem to get the ones you really want**
- The list goes on..

If you've ever wondered about ANY of these things – or any other dating-related issue – *now you don't have to*. Because now as a "Preferred" Jason Capital Customer, you have access to a [Private Phone Coaching Session](#) with one of our highly trained experts that will help you quickly break through almost any issue that's holding you back with women right now.

You see, when it comes to women and dating, we all have our blind spots that prevent us from seeing the truth. So it's not always easy to troubleshoot your own challenges and sticking points.

Which is exactly what I decided to gift you this 100% exclusive coaching opportunity with one of our highly-trained, expert coaches (or even with me, if it's available). I don't want you to be left with a lingering problem that could be limiting the amount or quality of dates, sexual attraction, fun, and just plain overall satisfaction you get from women.

Claiming you're private phone consultation is easy – simply go back to your private download area for "How To Get Hotter Women" and select which Phone Coaching package is right for you.

The call is fast and to-the-point ... designed to help you immediately get to the heart of what's holding you back and then move forward. You will get real, actionable, effective ... and sometimes brutally honest advice.

But hey, you're a man ... you can take it.

We also will occasionally do the "this is what to text her" or "here's exactly what to say" coaching call, although we think you can probably make much better use of our time :-)

The only catch is that our coaches get very busy and appointments are booked on a first come, first serve basis – so if you're serious about getting this problem handled, I definitely recommend you secure your spot and session right now, before it's too late.

Cool? Great.

In the meantime, be sure that you take in everything from the manual and audio you just received ... and even more importantly, be sure that you ACT on it.

Good things are coming *fast*.

I'll speak to you again real soon.

Holler,

Jason
